

# Site photos (C1) – evolution to site diary

**Michael Sommer**

*GRUAN Lead Centre, DWD*

14<sup>th</sup> GRUAN Implementation and Coordination Meeting (ICM-14)

La Réunion, Session 11, 2 December 2022

# What are site photos?

- Goal & task & description → **GRUAN-TN-9**

This Technical Note outlines the generic steps required to ensure that a long term site photographic record is maintained in support of the documented reference-quality data. The aim is to **establish a long-term visual record** against which any unaccounted for variability in data measurement can be assessed.

- 2 ways → gruan.info (FTP)  
→ <https://www.gruan.org/data/site-diary/sites>
- Example → NYA (2021-09-08)

Site diary available

South

West

North

East

- Current TN-9 is related to **old way** (using FTP)
- **Update required** → to describe the new way (site diary)

## Until than you can ...

- Upload site photos using the old way
- Get familiar with the new site diary
  - See my presentation from ICM-13 (“Site diary”)
  - Have a look at the site diary on the GRUAN website
- Please contact us to be an editor (beta user) of GRUAN site diary!
  - [gruan.lc@dwd.de](mailto:gruan.lc@dwd.de)
